1. PURPOSE

This regulation prescribes policies and procedures for the review and certification of unliquidated obligations.

Reviews of unliquidated obligations are necessary to properly report obligation balances, certify the validity of obligated balances, make funds available that otherwise would not be used, reduce the risk of misuse and theft of funds, and improve the Treasury Department’s ability to forecast outlay and borrowing needs.

2. SPECIAL INSTRUCTIONS/CANCELLATION

This regulation cancels and replaces Departmental Regulation 2230-001, dated April 21, 2009.
3. **POLICY**

   a. The optimum utilization of funds requires that all current and prior year obligations be continuously reviewed to ensure that obligated balances are not over or under stated and that the obligations are properly documented and reported.

   b. Reviews and certification of unliquidated obligations shall be made by each agency. Unliquidated obligations found to be unnecessary will be promptly adjusted. All adjusting transactions shall be properly documented and all documentation shall be retained for audit purposes.

   c. Agencies are required to certify quarterly that reviews and corrective actions related to unliquidated obligations inactive for at least 12 months were performed. Certifications are due 30 days after the end of the quarter.

   ![Certification Table]

   d. Obligations should be deobligated unless there is a documented bona-fide purpose for the obligation to remain open.

4. **PROCEDURES**

   a. **Identification.** Financial personnel will produce quarterly reports on unliquidated obligations from the financial management system for review.

   b. **Notification.** The agency Chief Financial Officer (CFO) or designated financial personnel will notify program and procurement personnel of unliquidated obligations selected for review in writing, and request a written notification of their validity. A standard form letter should be used for this purpose. (Appendix A provides an example.)

   c. **Review of Obligations.** Program and procurement personnel will review unliquidated obligations selected to determine whether delivery of goods or services or performance is expected to occur:

   (1) Program and procurement personnel must consider, if applicable:

   (a) The period of fund availability;

   (b) The period of performance or delivery date;
(c) The completeness and accuracy of information provided by contract, grant, or loan recipients

(d) Whether funds have been expended consistent with the percentage of completion;

(e) Whether remaining funds are sufficient to complete the order in accordance with the specifications or whether funds are no longer needed;

(f) Justifications for amendments to funding levels;

(g) Supplemental loans, grants, etc.;

(h) Reasons for lack of activity, such as litigation or delay in contract closeout;

(i) Any provisions of the grant, agreement or contract that may permit or prohibit deobligation or reprogramming; and

(j) Any other relevant factors, when making a determination.

(2) Review, close out, and de-obligations should occur on an ongoing basis as determination(s) are made that obligation(s) can be adjusted or cancelled.

d. Determination. The review should disclose unliquidated obligations:

(1) That do not have a legal basis, or are not properly authorized and supported by appropriate documentation;

(2) Which have been completed and have not been closed out; and

(3) Under which no future expenditures are expected.

Once a determination is made that an unliquidated obligation is no longer valid, program and/or procurement personnel will notify appropriate agency-designated personnel, in writing, within 5 days after the determination is made to process a deobligation.

e. Deobligation. Appropriate agency-designated personnel will cancel or adjust the unliquidated obligations in the financial management system, based on the written notification from program and/or procurement personnel, within 15 days after receipt of the written notification. In situations where program and/or procurement personnel are canceling or adjusting the unliquidated obligations, a written notification stating that the deobligation was processed must be provided to the agency CFO or designated financial personnel. Copies of the supporting documentation should be retained according to the records retention in Section 7.
f. **Certification.** The CFO, or equivalent, for each agency must submit a certification to the Office of the Chief Financial Officer (OCFO) - Associate Chief Financial Officer for Financial Operations (ACFO-FO) by the dates outlined in Section 3, Policy. Certifications are subject to examination by OCFO on a sample basis annually. The certification form can be found in Appendix B.

5. **RESPONSIBILITIES**

   a. The CFO, or equivalent, for each agency must

   (1) Coordinate reviews and corrective actions related to unliquidated obligations between program, procurement, and financial personnel; and

   (2) Provide the ACFO-FO a certification that the reviews were performed and unliquidated obligations are valid based on the reviews.

   b. Program and/or procurement personnel will determine if unliquidated obligations should be deobligated and provide a written notification to appropriate agency-designated personnel.

   c. Appropriate agency-designated personnel will deobligate unliquidated obligations for goods or services for which delivery or performance is not expected to occur, based on written notification from program and/or procurement personnel.

   d. The OCFO will

   (1) Monitor agency compliance with this regulation;

   (2) Work with agency CFO’s to identify impediments to compliance and assist in developing and implementing corrective actions; and

   (3) Provide analytical support to agencies to assist in early identification of invalid unliquidated obligations.

   e. It is a shared responsibility of all program, procurement, and financial managers with obligation authority to ensure that agency funds are obligated properly and managed effectively. This includes routine monitoring and timely adjustment of obligations for which the office is responsible. Supervisory officials should ensure that appropriate and timely execution of these responsibilities are reflected in the performance plans of all program, procurement, and financial managers with obligation authority and are assessed in formal performance evaluations.

6. **DEFINITIONS**
a. **Unliquidated Obligation.** The balance remaining from the amount of orders placed; contracts or other binding agreements awarded; or services rendered after making any payments or processing deobligations. Unliquidated obligations consist of undelivered orders and accounts payable.

b. **Undelivered Order.** An undelivered order is an obligation for goods that have not been received or services that have not been performed.

c. **Invalid Unliquidated Obligation.** The portion of an obligated balance associated with undelivered orders that is not needed to pay for goods and services not yet received. This may be a balance remaining following final delivery of goods and services, a balance unneeded due to a reduction in vendor rates or quantities needed compared to the basis for the original estimate, the unearned portion of a grant or agreement once the period of performance has expired, the entire recorded obligation if the underlying transaction did not result in a valid obligation of the government, or similar reason.

d. **Deobligation.** The cancellation, downward adjustment, or deletion of a previously recorded obligation. Such adjustments may be attributable to cancellation of a project or contract, price revisions, corrections of amounts previously recorded, or differences between obligations previously recorded and payments made.

7. **RECORDS RETENTION**

Records, reports, certifications and all other supporting documents relating to reviews of unliquidated obligations should be maintained, by the agency and the OCF O, for a period of 6 years and 3 months from the date the review was completed. However, records should not be destroyed if they are subject to litigation or other moratorium. Information related to records retention should be directed to the agency Records Officer.
